

TIME CAPSULE 2019

Your first task this year will be to make a time capsule. You will place all your information in your envelope and put it in our TIME CAPSULE BOX, which we will seal to be opened in the last week of Term 4, 2019.

To our families.

Please find time to create this with your child. We open them together as a school, and spend time looking through them, reflecting, writing about them and talking about what is inside, and they really do love reading the 'letter from a loved one'. Each year we do this, we always feel and hear the disappointment of our students who aren't involved and have to watch others enjoy this very special moment, knowing how special it is. If you need some suggestions, or help, please don't hesitate to contact either Karen or Lisa.

Suggestions: we have provided a template for you to use and these are a couple of great ideas students have done in the past to create their time capsule.

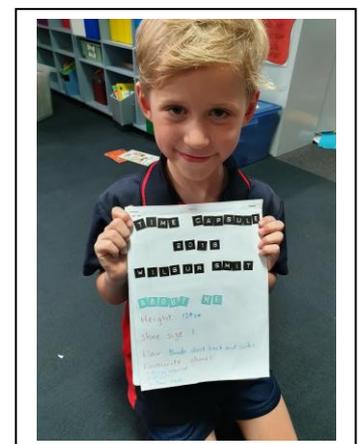

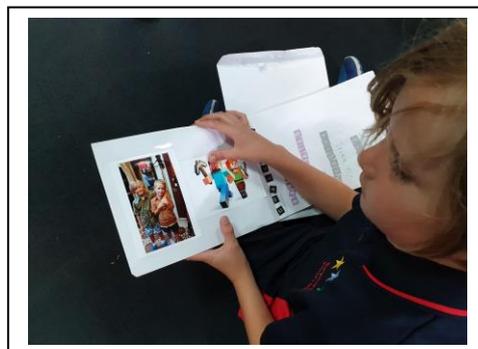

- ✚ Create a time capsule book (using an exercise or scrap book) that can be added to each year, this will keep all your memories together throughout your years of school. (imagine looking through this when you're an adult! 😊)
- ✚ Make a poster.
- ✚ Put your information and things in a display folder.

Please ensure you have completed your Time Capsule and brought everything into school
